

Welcome to First Tee: Let's work together!

Key Commitment- Collaborating with Others

- I respect other perspectives, especially when they are different from mine.
- I show kindness, consideration, and care for others.
- I know that my attitude and how I treat others have an impact.

Overview

At First Tee, we care about the impact of our words and actions. When we show care for how our words and actions make others feel, we demonstrate **respect** and **courtesy**.

In this lesson, coaches will create multiple opportunities for participants to play the game, collaborating with others. This will provide a chance for them to learn about their fellow participants!

Coaching Tips

- In this lesson, coaches can emphasize to players that they are collaborating with others using respect and courtesy by **following the safety rules, taking turns, and being still and quiet while others are hitting**.
- Coaches can emphasize the importance of respect for others regardless of our similarities or differences.

Transition to the Simulator

- Coaches should empower participants by allowing them to choose the activity to play on the simulator. Participants should be encouraged to collaborate with their peers to come to a unified decision
- Coaches can suggest games/practices be played as a team to encourage more collaboration
- While participants are waiting, they should be encouraged to talk and get to know their peers
